Welcome to the exclusive prequel comic to Sega's hottest new videogame, Sonic Lost World™, where Sonic the Hedgehog is about to embark on an all new journey!

SONIC LOST WORLD™

A NEW ADVENTURE AWAITS!

Sonic the Hedgehog and his pals are the only force able to stand up to the evil scientist, Dr. Eggman!

The evil doctor's forces of world domination have tried time and time again to enslave the free creatures of the planet and to conquer anything or anyone in their path! Only the super-speedy heroics of everyone's favorite blue hedgehog have saved the day (and looked way cool while doing it)!

Now Dr. Eggman stands poised to launch his most devastating attack yet, and it's up to our heroes to save not only their own world, but a mysterious new world hidden amongst the clouds...
